Aarohan Academy – Strategy & Curriculum Blueprint

Location: H.No. 54B, Gupta Park, Todarmal Colony, Najafgarh, Delhi – Nursery through Class 8 (CBSE-aligned supplementary tuition)
Mission: *Learn* • *Grow* • *Shine* (सीखें • बढ़ें • चमके) – Nurturing each child's unique learning journey with personalised attention and measurable progress.

Executive Summary: Aarohan Academy will launch as a premium neighbourhood learning centre in Todarmal Colony, Najafgarh, serving Nursery–8th graders (CBSE curriculum). We will differentiate through small batches, concept-based instruction, regular assessments and open parent communication. The plan covers: classroom setup, brand identity, curriculum mapping, digital and on-ground marketing, website and Google presence, operations (fees, batches, assessments), and safety/compliance. Key success factors include quality teaching, trust-building with parents, and sustainable growth. We propose a ~₹30K initial investment, with phased goals of 15–20 students by month 3, and growth to 30–40 by year-end. The website and branding will be bilingual (English + Hindi), mobile-optimized, and focus on conversion (enquiries) via a clear hero section, structured site content, and a user-friendly enquiry funnel (WhatsApp Business, Google Business Profile, simple admission form).

【3†L9-L17】【9†L19-L24】 *Source:* NCERT's Learning Outcomes emphasize early literacy and numeracy skills (letter-sound association, reading simple words, basic arithmetic)【3†L9-L17】. NCERT also recommends sharing defined learning outcomes with parents【9†L19-L24】, aligning with our plan for monthly progress reports.

Curriculum Mapping (Nursery to Class 8)

We align Aarohan's curriculum with NCERT/CBSE frameworks and the NIPUN Bharat (Foundational Literacy & Numeracy) goals【18†L99-L104】【3†L9-L17】. Below is a consolidated overview, with sample outcomes and activities at each stage.

Stage	Grades	Age	Key Focus Areas & Outcomes	Examples of Classroom Activities
Foundational (Pre-Primary)	Nursery, LKG, UKG	3–5 yrs	**Language (English/ Hindi):** Phonics (letter-sound), vocabulary, speaking complete sentences, simple reading (stories); writing basics (letters, name) **Numeracy:** Number names (1–20), counting objects, basic shapes and patterns, simple addition/ subtraction (up to 5) 【3†L18-L26】 **Cognitive/Social:** Colours, sizes, opposites; sharing, following instructions	• **Storytime & Rhymes:** Listening to stories, learning words【3†L9-L17】 • **Alphabet Games:** Matching letters with pictures; phonic songs • **Number Games:** Counting objects (blocks, fingers); number songs • **Art & Crafts:** Coloring, cutting shapes, show-and-tell

Stage	Grades	Age	Key Focus Areas & Outcomes	Examples of Classroom Activities
Primary (Early Primary)	Class 1–5	6–10 yrs	**English/Hindi:** Reading short paragraphs, basic grammar (nouns, verbs), writing sentences, spelling; comprehension of simple stories **Mathematics:** Place value, addition/subtraction with carry/borrow, multiplication tables (2–5), basic fractions (½, ¼), time (hours, half-hours), measurement (length, weight) **EVS/Science:** Nature (plants, animals), daily life (food, water, health), basic environment concepts, introduction to the scientific method; **Basic Social:** Myself, family, neighborhood; **Life Skills:** Manners, safety	• **Guided Reading:** Reading leveled readers; discussing story themes • **Math Manipulatives:** Use counters to demonstrate addition; shape puzzles • **Science Experiments:** Germination activity (sprout seeds in cotton), floating/sinking • **Project Work:** "My Family" chart, poster on "Water Conservation" • **Educational Games:** Vocabulary bingo, math flashcard drills
Upper Primary (Middle)	Class 6–8	11–14 yrs	**English/Hindi:** Grammar (tenses, prepositions), paragraph writing, literature (poems/stories), reading comprehension, vocabulary building; **Mathematics:** Advanced arithmetic (fractions, decimals, percentages), geometry (perimeter, area of polygons), introduction to algebra (simple equations), data (graphs, averages) 【3†L18-L26】; **Science:**	

Stage	Grades	Age	Key Focus Areas & Outcomes	Examples of Classroom Activities
- *Class 6-7:* Plants, organisms, food, light, air/water, acid/base, environment, fractions				
- *Class 8:* Cells, force/motion, sound, reproduction, human body, chemical reactions, metals/non-metals, electricity, soils/geography basics.				

Stage	Grades	Age	Key Focus Areas & Outcomes	Examples of Classroom Activities
Social Science (from Class 6): Map skills (continents, India states), ancient & medieval India (history), government/ rights (civics basics)	• **English Debates/ Stories:** Short presentations on topics; writing book reports • **Math Challenges:** Word problems with fractions, geometry construction (triangle/ rectangle drawing) • **Science Labs:** Small experiments (e.g. simple circuits, plant dissection) under supervision • **Field Trips/ Projects:** Nature walk note-taking; timeline of historical events; **Group Projects:** Science fair model, social studies poster			

Competencies: Across stages, students will develop **literacy and numeracy confidence**, foundational conceptual clarity, **critical thinking** (through simple problem-solving), and **communication skills** (presenting, writing). Each level builds on the previous (NCERT's scaffolding approach【3†L9-L17】).

Common Misconceptions:

- Language: Confusing similar letters/sounds (b/d, p/q), incorrect usage of gender in Hindi or articles in English.

- Math: Place value errors (misreading number digits), misunderstanding fraction operations, misaligned decimal points.
- Science: Misinterpreting cause-effect (e.g., believing heavier objects fall faster), confusing plants vs. animals characteristics.

Assessment Methods: Weekly quizzes (small MCQs or oral Q&A), monthly written tests covering recent topics, and informal in-class checks (quizzes using flashcards, whiteboard responses). NCERT emphasizes using formative assessments as checkpoints【9†L13-L20】. We will record a **Monthly Growth Report** for each student (attendance, test scores, strengths/weaknesses, teacher's notes) and share with parents【9†L19-L24】.

Sample Worksheet Ideas:

- **Nursery:** Trace letters and match to pictures (A-Apple, etc). Count and color groups of 3-5 objects.
- **Class 3 Math:** Addition with carry puzzles (e.g., "Complete the sum blocks"), simple fraction diagrams.
- **Class 5 EVS:** Label parts of a plant and match functions (roots, stem, etc).
- **Class 7 Science:** Create a chart of sources and uses of light/sound.
- **Class 8 Social:** Match ancient era events to dates or map out river basins in India.

Parent Support Tips: Share ways parents can reinforce learning at home: reading bedtime stories (language development), daily math talk (counting money or items), limiting screen time and encouraging outdoor exploration (evs). For example, NCERT suggests involving community in learning outcomes【9†L19-L24】, so we might host short parent workshops on "how to support your child's learning". Provide homework guidance sheets and encourage consistent study routines.

Subject-Wise Scope & Resources

We outline core subjects with class-wise learning outcomes, and plan a **Learning Library** of 30 starter resources (worksheets, guides, activities) categorized by subject and class.

English: From Nursery (alphabet recognition, picture-word association) to Class 8 (reading novels, writing essays). Key outcomes:

- **Class 1-2:** Recognize letters, simple words (cat, dog), form short sentences (I like milk), identify rhyming words.
- **Class 3-5:** Read short stories, answer comprehension Qs, write short paragraphs and letters (formal/informal), basic grammar (nouns, verbs, a/an, punctuation).
- **Class 6-8:** Advanced comprehension (stories, articles), write descriptive paragraphs and stories, grammar (tenses, prepositions), creative writing (poems, stories).

Hindi: Similarly progressive from **अक्षर और ध्वनि (अ से अनार)** in early grades, to **वाक्य रचना, कहानी लेखन और साहित्य** by Class 8. Outcomes: recognizing matras, writing small stories, basic grammar (पुरुष, वचन, लिंग, कारक).

Mathematics:

- **Class 1-2:** Counting (1–100), addition/subtraction within 20, shapes (triangle, circle), simple patterns.

- **Class 3-5:** Multi-digit operations, multiplication tables, introduction to fractions (½, ¼, etc.), basic geometry (perimeter of simple shapes), measuring (length, weight).
- **Class 6-8:** Integers, fractions & decimals operations, ratio & percentage, geometry (area/volume of rectangles, cubes), introductory algebra (solving x+5=10), basic statistics (bar charts).

EVS/Science:

- **Class 1-2 (EVS):** Myself (body parts, family), plants/animals basics, homes/climates, health (cleanliness).
- **Class 3-5 (Science integrated EVS):** Food & nutrition, sources of water, plants, animals, environment, our earth (weather, natural resources)【3†L18-L26】.
- **Class 6-8 (Science):** Divided by NCERT: Physics (light, sound, force), Biology (life processes, human body, diversity of living), Chemistry (matter, materials, acid-base, metals). Each grade has NCERT chapters.

Social Science (Class 6-8): (CBSE history, geography, civics) – e.g., Class 6 covers India's geography and ancient civilizations; Class 7 medieval history; Class 8 modern history and basic civics. While Aarohan is supplementary, we focus on reinforcing basic concepts (map skills, timelines, civic duties) in fun ways (quizzes, map coloring).

Starter Learning Library (30 resources): Example content:

- Class 2 English – "Sight Words Bingo" (sheet), "Story Sequencing Cards".
- Class 4 Math – "Multiplication War" (card game rules), "Fraction Pizza Worksheet".
- Class 5 Science – "Plant Cell Diagram Worksheet", "Water Cycle Comic Strip".
- Class 7 Hindi – "Krishi (स्त्री/पुल्लिंग) Worksheet", "Words with मैत्री (posters)".
- Class 8 Maths – "Simple Equation Solving Puzzles", "Geometry Shape Hunt Worksheet".

Each resource will be downloadable from the website, organized by class and subject. For example: "Class 6 ▶ Maths ▶ Integers – Practice Sheet" etc.

Hero Section Concepts

The website **hero section** must immediately communicate Aarohan's essence and prompt action. We propose three variants; each includes a headline, subheadline, and primary CTAs, along with a visual concept.

Concept 1 – Confidence-Building Focus:

- **Headline:** "Every Child Can Shine at Aarohan Academy"
- **Subhead:** *"Personalised Nursery–Class 8 Tuition in Najafgarh"* (*"नजफगढ़ में व्यक्तिगत ट्यूशन, नर्सरी से कक्षा 8 तक"*)
- **CTA Buttons:** "Book Free Assessment" (प्रथम परीक्षा के लिए बुक करें), "WhatsApp Admissions"
- **Visual Brief:** Smiling teacher with a small group of children, or children raising hands in a bright classroom.
- **Mobile Layout:** Headline and subhead centered; bright banner image above, CTA buttons below.

Concept 2 – Growth & Support:

- **Headline:** "Small Classes. Big Progress."
- **Subhead:** *"Building Strong Foundations Through Personal Attention"* (*"व्यक्तिगत ध्यान से मजबूत नींव का निर्माण"*)
- **CTAs:** "Enroll Today", "Chat on WhatsApp"
- **Visual:** Child stacking blocks or plants growing (metaphor).
- **Mobile:** Bold headline on image, overlay gradient, buttons beneath.

Concept 3 – Achievement-Oriented:

- **Headline:** "Rise to New Heights with Aarohan" (*"आरोहण के साथ नई ऊँचाईयों तक पहुँचें"*)
- **Subhead:** *"Expert Tuition (Nursery–8) | Weekly Tests | Progress Reports"* (*"विशेषज्ञ शिक्षण (नर्सरी-8), साप्ताहिक टेस्ट, प्रगति रिपोर्ट"*)
- **CTAs:** "Schedule a Visit", "WhatsApp Us"
- **Visual:** Children celebrating a success (e.g., one child jumping joyfully with teacher's encouragement).

Final Recommended Hero Copy (Bilingual):

Head line (English): "Learn. Grow. Shine – Aarohan Academy"
मुख्य वाक्य (हिंदी): "सीखें । बढ़ें । चमकें। – आरोहण अकैडमी"
Sub-head (English): "Personalised Tuition (Nursery–Class 8) | Small Batches in Najafgarh"
उपशीर्षक (हिंदी): "नजफगढ़ में व्यक्तिगत ट्यूशन (नर्सरी–8), छोटे बैच"
CTAs: "Book Free Assessment" (निःशुल्क मूल्यांकन बुक करें) & WhatsApp Chat (व्हाट्सऐप पर संपर्क करें)

This hero delivers the brand promise and makes the admission action (assessment/WhatsApp) prominent. Using both languages reinforces trust among local parents.

Website Information Architecture & Sitemap

We recommend a clean site structure focusing on conversion:

- **Home:** Highlights hero, USP, courses summary, testimonials, quick CTAs.
- **About Us:** Our philosophy, family-teachers profile, mission (personal touch).
- **Courses:** Overview of age groups (Pre-primary, Primary, Middle) with subject lists.
- **Methodology:** How we teach (concept clarity, activity-based, regular tests, feedback loop).
- **Class Pages:** Dedicated pages per level (Nursery/LKG, UKG, 1-2, 3-5, 6-8) briefly listing core curriculum/skills.
- **Learning Library:** Downloadable worksheets and resources, indexed by class & subject.
- **Assessments:** Explanation of weekly tests and *Aarohan Growth Report*. Show sample report images and benefits.
- **Parent Corner:** Advice articles for parents (study tips, developmental milestones), and newsletter sign-up.
- **FAQs:** E.g. “What are the fees?”, “Batch timings?”, “Safety measures?”, answered simply.
- **Admissions:** Online enquiry form (fields below), call-to-action for visits.
- **Contact:** Address, map, phone/WhatsApp, operating hours.

This architecture ensures visitors quickly find course details and are guided to enquire. A **Footer** will also include contact info, Google Map, and social links.

Bilingual Website Copy (Key Sections)

Below are representative excerpts of the **English + Hindi** copy for major pages. Full content would follow these tones.

- **Home Page** – Key messages:
- *Welcome banner:* “Aarohan Academy – Where Every Child Shines” “आरोहण अकैडमी – जहां हर बच्चा चमकता है”
- *Why Aarohan?* (bullet points in English & Hindi) – e.g. “Small batches – छोटे बैच”, “Personal attention – व्यक्तिगत ध्यान”, “Regular tests – नियमित टेस्ट”.

- *About snippet:* “At Aarohan Academy, we nurture young learners… through interactive classes and regular feedback.” “आरोहण अकैडमी में हम अपने छोटे छात्रों को आपसी वार्ता और नियमित प्रतिक्रिया के माध्यम से सीखने के लिए प्रेरित करते हैं।”

- **About Us:**

- "**Aarohan Academy** (आरोगण अकैडमी) is a family-run tuition center committed to quality education. Established by [Founder's Name], we teach **Nursery to Class 8** students in Todarmal Colony, Najafgarh. Our teachers (all [family members/qualified educators]) have [xx] years of collective experience. We focus on foundational learning with care and understanding."

- "हम छोटे बच्चों को संवेदनशीलता और समझ के साथ बुनियादी शिक्षा देते हैं। हमारा लक्ष्य है कि हर बच्चा सीखकर आत्मविश्वासी बने।"

- **Courses:** (possibly a tabular or bulleted list in both languages)

- "**Pre-primary Programme (नर्सरी, LKG, UKG):** Phonics, numbers up to 20, basic reading/writing, motor skills." "फोनेटिक, *20* तक की गिनती, प्रारंभिक पढ़ना/लिखना, मोटर कौशल।"
- "**Primary (Classes 1–5):** English, Hindi, Maths, EVS; concept-building and activity-based learning." "अंग्रेजी, हिंदी, गणित, पर्यावरण विज्ञान; गतिविधि-आधारित अवधारणा निर्माण।"

- "**Middle (Classes 6–8):** Maths, Science, English, Hindi, Social Science; exam skills and doubt clearing." "गणित, विज्ञान, अंग्रेजी, हिंदी, सामाजिक अध्ययन; परीक्षा कौशल और संदेह निवारण।"

- **Teaching Methodology:**

- "Our teaching blends activity-based learning and strong concept teaching. We introduce new topics with stories or demonstrations, practice with worksheets/games, and assess with quizzes【3†L9-L17】." "हमारी शिक्षण पद्धति गतिविधि-आधारित है। हम नई अवधारणा को कहानी या प्रदर्शन द्वारा समझाते हैं, प्रश्न पत्र/खेल से अभ्यास कराते हैं, फिर टेस्ट लेते हैं। 【*3†L9-L17*】"

- "Every student gets an individual attention plan: teachers note progress, address learning gaps, and communicate monthly with parents." "प्रत्येक छात्र के लिए व्यक्तिगत योजना: शिक्षक प्रगति रिकॉर्ड करते हैं, आवश्यकतानुसार सुदृढ़ीकरण देते हैं, और मासिक रूप से अभिभावकों को सूचित करते हैं।"

- **Individual Class Pages (Select Examples):**

- *Nursery/LKG:* "Focus on play and pre-literacy: alphabet recognition, stories, songs and counting games." "खेल के माध्यम से शिक्षा: वर्णमाला, कहानियाँ, गीत और गिनती खेल।"
- *Class 3:* "Core skills in Math (addition, subtraction, multiplication), English (reading paragraphs, writing letters), EVS (plants, environment)." "गणित (जोड़-घटाना, गुणा), अंग्रेजी (पैराग्राफ पढ़ना, पत्र लिखना), पर्यावरण (पेड़-पौधे, वातावरण)।"

- *Class 8:* "Preparing for high school: algebra, geometry, science experiments; communication skills for higher grades." "हाई-स्कूल की तैयारी: बीजगणित, ज्यामिति, विज्ञान प्रयोग; उच्च कक्षाओं के लिए संवाद कौशल।"

- **Learning Library:**

- "Free worksheets, reading passages and puzzles: e.g. *Maths Fun Printables*, *English Vocabulary Cards*, *Environmental Science Projects* – download by class." "मुफ़्त कार्यपत्रक, पाठ और पहेलियाँ: जैसे गणित मस्ती वर्कशीट, अंग्रेजी शब्दावली कार्ड, विज्ञान परियोजनाएँ – कक्षा अनुसार डाउनलोड करें।"

- **Assessments & Growth Report:**

- "After every test, we update each child's Growth Report: attendance, scores, remarks, and next goals. Parents receive this report monthly." *"प्रत्येक टेस्ट के बाद मासिक प्रगति रिपोर्ट: उपस्थिती, अंक, टिप्पणी एवं अगले लक्ष्य के साथ भेजी जाती है।"*

- **Parent Corner:** (sample content)

- "**Homework Help:** Allocate a quiet study time at home and review your child's assignments nightly. Ask questions like 'What did you learn today?'." *"होमवर्क सहायता: घर पर शांत अध्ययन समय दें, रोज़ गृहकार्य की समीक्षा करें। बच्चों से पूछें, 'आज आपने क्या सीखा?'।"*

- "**Reading Habit:** Read with your child daily. Visit the local library or use story apps to make reading fun." *"पढ़ने की आदत: रोज अपने बच्चे के साथ पढ़ें। पुस्तकालय जाएँ या कहानी ऐप का उपयोग कर मनोरंजक बनाएं।"*

- **FAQs:** (selected bilingual Q&A)

- **Q:** *"What are the fees and batch timings?"* – **प्रश्न:** *"शुल्क और बैच के समय क्या हैं?"*
  A (ENG): "Fees vary by grade (e.g., Nursery ₹600/m, Class 5 ₹1000/m). Batches are 4–6 students, after school hours (Mon–Sat)."
  उत्तर (हिंदी): "शुल्क वर्ग के अनुसार (नर्सरी ₹600/माह, कक्षा 5 ₹1000/माह)। बैच 4–6 छात्रों के हैं, विद्यालय के बाद (सोमवार–शनिवार)।"

- **Q:** *"Do teachers speak Hindi/English?"* – *"क्या शिक्षक हिंदी/अंग्रेजी बोलते हैं?"*
  A: "Our faculty are fluent in both Hindi and English. We adapt to each child's comfort language." *"हमारे शिक्षकों को हिंदी और अंग्रेजी दोनों आती हैं। हम बच्चे की सुविधा के हिसाब से पढ़ाते हैं।"*

- **Admissions:**

- "**Admissions Open (प्रवेश प्रारंभ)** – Apply now for Nursery–8. Fill the bilingual form below or WhatsApp us."
- **Form fields (English/Hindi labels):** Student Name (छात्र का नाम), Current Class (वर्तमान कक्षा), School (विद्यालय), Parent Name/Contact (अभिभावक नाम एवं संपर्क), Message (संदेश).

Each page will be **SEO-optimized** with relevant keywords (see SEO section) and bilingual headers. Visual consistency: use the **navy/gold/logo** colours throughout.

UX/UI & Design Guidelines

- **Colour Palette:** Primary navy blue (#00457C) and bright gold (#FFC107) for headings/highlights (professional yet welcoming). Accent with a cheerful palette (e.g. light green or orange) for child-friendly feel. Ensure high contrast (meet WCAG AA for text on background) – e.g. white text on navy meets 4.5:1 contrast【39†L803-L811】.
- **Typography:** Use a clean, legible sans-serif for English (e.g. Montserrat or Nunito) and a matching Devanagari typeface for Hindi (e.g. Mangal or Noto Sans Devanagari). Headings should be bold; body text ~16px for readability.
- **Layout:** Mobile-first, responsive design. Keep pages uncluttered: use white/neutral backgrounds for text, ample margins. Hero images should avoid busy overlays so text is readable.

- **Images/Icons:** Use friendly, relevant images (children learning, teachers, books). Avoid distracting graphics. Include icons for navigation (e.g. home, contact) for clarity. Alt-text for all images for accessibility.
- **Accessibility (WCAG 2.2):** Ensure text size and contrast meet Level AA. Forms should have proper labels (e.g. HTML `<label>` tags)【39†L809-L817】. Provide text alternatives for non-text content. The site should be operable via keyboard (important for screen readers) and use simple language. Hindi content should be correctly marked up as Indian language content.

SEO and Local Strategy

Keyword Map

We focus on local CBSE tuition terms, in English and Hindi, e.g.:

- **English:** "Tuition classes Najafgarh", "Nursery LKG tuition Todarmal Colony", "Small batch tuition near me", "Maths tuition Najafgarh", "English tuition CBSE Najafgarh"
- **Hindi:** "नर्सरी ट्यूशन नजफगढ़", "नजफगढ़ ट्यूशन क्लासेज", "कक्षा 5 ट्यूशन नजफगढ़", "गणित ट्यूशन दिल्ली", "Tution स्कूल Todarmal" (mix).
  Each page's meta title/description will include location and service (e.g. "Aarohan Academy – Tuition classes in Gupta Park, Najafgarh").

On-Page SEO

- Use the target keywords naturally in headings and copy (e.g. "tuitions in Najafgarh" in Home about).
- Meta titles: e.g. *"Aarohan Academy – CBSE Tuition (Nursery-8) in Najafgarh"*. Descriptions: concise invite (Admissions open, small classes, contact).
- Use `site:` search operator to check indexing (Google's own advice【34†L181-L189】).
- Submit sitemap via Google Search Console and ensure mobile-friendly (Google's PageSpeed or mobile-friendly test).

Google Business Profile

Create/claim "Aarohan Academy" on Google Business with correct address. Add category "Tuition Center" (or "Educational Center"), photos of classroom, and encourage early parent reviews (e.g. after first month). Choose keywords in description: "Best small batch tuition classes in Gupta Park, Najafgarh" etc.

Content Calendar & Blog Topics

We'll maintain a blog ("Aarohan Learning Journal") with 1–2 posts per week to improve SEO and engage parents. Topics (bilingual to attract local readers):

1. How to Build Reading Habits in Children (बच्चों में पढ़ने की आदत कैसे बनाएं)
2. Fun Maths Activities for Primary Students (माध्यमिक कक्षा के लिए मज़ेदार गणित गतिविधियाँ)
3. Importance of Spoken English at a Young Age (छोटे बच्चों के लिए अंग्रेजी बोलने का महत्व)
4. Phonics vs Alphabet: What to Teach First? (फोनेटिक्स बनाम वर्णमाला*:* पहले क्या सिखाएं*?*)
5. Tips for Helping with Homework (होमवर्क में मदद के उपाय)
6. Mental Math Tricks for Kids (बच्चों के लिए मानसिक गणित की ट्रिक्स)

7. Improving Handwriting – Parent's Guide (हस्तलेखन सुधारने के तरीके)
8. Simple Science Experiments at Home (घर पर सरल विज्ञान प्रयोग)
9. Preparing for School Exams – A Checklist (स्कूल परीक्षा की तैयारी: चेकलिस्ट)
10. Creative Writing for Students (छात्रों के लिए रचनात्मक लेखन)
11. How to Use Flashcards Effectively (फ़्लैशकार्ड का प्रभावी उपयोग)
12. Painting and Craft for Cognitive Development (चित्रकला और शिल्प के माध्यम से विकास)
13. The Role of Play in Learning (सीखने में खेल की भूमिका)
14. Bilingual Education – Pros and Cons (द्विभाषी शिक्षा: फायदे और नुकसान)
15. Healthy Study Routine for Children (बच्चों के लिए स्वस्थ अध्ययन दिनचर्या)
16. Storytelling for Language Skills (भाषा कौशल के लिए कहानी सुनाना)
17. Parental Role in Child's Education (बच्चों की शिक्षा में माता-पिता की भूमिका)
18. Choosing the Right School Board for Your Child (अपने बच्चे के लिए सही बोर्ड कैसे चुनें)
19. Incorporating Technology in Homework (होमवर्क में तकनीक का उपयोग)
20. Benefits of Group Learning (समूह में सीखने के लाभ)

These will be scheduled weekly across 3–4 months, rotated between academic tips (improve engagement) and local focus (e.g. "Top 5 Tuition Tips for Najafgarh Parents"). Each post will include relevant keywords and link back to relevant pages (e.g. courses, admissions CTA).

Competitor Analysis

Aarohan's direct competition includes several small coaching centres in Najafgarh. The table below compares key attributes (based on local listings as of 2026):

Centre Name	Location	Classes Offered	Subjects	Key Features (Differentiator)
Physics Wallah Najafgarh	Todarmal Colony	1–8	All core (eng, maths, sci, Hindi)	Affiliated with PW brand (exam prep), larger batches 【32†L174-L183】
Sigma Classes	Najafgarh Thana Road	5–8	Maths, Science, English	Focus on older classes, standard testing
Shiksha Tuition Classes	Todarmal Colony	1–8	All core subjects	Experienced staff, Hindi/ English medium
Muskan Coaching Centre	Roshanpura	1–10	All subjects	Well-known local brand, regular mock tests
Ishkol – The Learning Station	Paprawat Road	Nursery–8	All core subjects	Emphasis on fun learning (activity labs)
Motherland Education Centre	Devli Road	1–8	All subjects	Affordable fees, Hindi medium

Centre Name	Location	Classes Offered	Subjects	Key Features (Differentiator)
Arya Coaching Centre	Najafgarh market area	6–8	Maths, Science	Small batches, Hindi explanations

Insights: Many centres have larger batches and focus on exam prep (e.g. PW, Sigma). Aarohan will compete by offering much smaller batches (≤6) and stronger parent communication. Pricing is kept competitive (see Finance section) but positioned as "value tuition" rather than cheapest. All competitors have on-premise classes; none have a comprehensive online or branded presence, giving Aarohan a digital edge.

Admission Conversion Funnel & Tools

Enquiry Funnel: Awareness (pamphlet/social posts) → Interest (free assessment offer) → Contact (WhatsApp/phone) → Visit/Demo class → Enrollment.

- **Touchpoints:**
- **Google Search & Maps:** Parent searches "tuitions in Gupta Park Najafgarh" → finds Aarohan listing with address, reviews, website【34†L181-L189】.
- **Website:** Curious parent lands on site → hero CTA (Assessment) or scroll to Admissions/Contact.
- **WhatsApp Business:** QR code on pamphlet/banner leads to direct WhatsApp chat. Use quick-replies (e.g. "Share Fee Structure", "Book a Demo"). Automated greeting: "Hello! Welcome to Aarohan Academy admissions." An away message after hours: "We'll respond within 2 hours. Demo classes by appointment."
- **Admission Form:** Simple online form (fields as listed above) submits to Google Sheets or email; auto-respond with "Thanks, [name]! Our counselor will call you by tomorrow."
- **Follow-up Scripts:**
    - *Script 1 (Initial chat):* "Namaste, I'm [Name] from Aarohan Academy. Thank you for contacting us. Are you looking for tuition for [Child's Name]/Class? I can share details."
    - *Script 2 (After assessment):* "Thank you for bringing [Child] for the free assessment. We found [Child's Name] is good at [area], will work on [skill]. Would you like to enroll?"
    - *Script 3 (Fee discussion):* "Our fee for Class X for your 1-month trial is ₹1,000/month. We accept monthly payment by cash or UPI."

Enquiry Form Fields: As above (to ensure we have contact and basic info). Google Forms or a WordPress plugin can be used.

By tracking enquiries (Google Sheet/CRM), we ensure timely follow-ups (max 24h). Consent: ensure an opt-in for contacting via WhatsApp/SMS.

Privacy & Safety Checklist

- **Land-Use/Permissions:** Confirm with DDA/MCD that home tuition is allowed. Delhi Master Plan permits coaching in residential areas under conditions. However, HC rulings note "fire safety is a must" for any coaching facility【32†L174-L183】. Since Aarohan plans ≤20 students, we should still check MCD building use and get any required NOC (e.g. Fire NOC if required, given HC emphasis). Ensure electricity, fire extinguisher, exit route comply.

- **Legal Registration:** Register as a private coaching center if required by Delhi Education Dept (check 🏛 edudel.nic.in/coaching). Consult a local CA on GST/tax.
- **Child Data Privacy (DPDP Rules):** Treat students (below 18) as "children" under DPDP 2023【30†L35-L43】. As an **educational institution**, some exemptions apply: tracking for school activities is allowed【30†L119-L126】. Still, obtain explicit *verifiable consent* from parents before processing personal data beyond academic (for newsletter, marketing, photos)【30†L92-L100】. Store records (attendance, reports) securely; do not share data with third parties. Publish a simple Privacy Policy (Hindi/English) explaining data use. Photos of children for social media/publicity should only be with parents' written permission.
- **Child Safety:** Maintain authorized pick-up lists for each child. Ensure the classroom has clean drinking water, a first-aid kit, and safe furniture. Install CCTV only in common areas with notice (not inside classroom one-on-one). Keep emergency numbers accessible. Implement attendance check-in/out log. Train any assisting teacher/family member on basic first aid and child welfare.

Budget & Financial Model

With a ₹30,000 startup budget, we prioritise essentials (see table): furniture, whiteboard, signage, basic marketing. Salaries aren't needed initially (family-run).

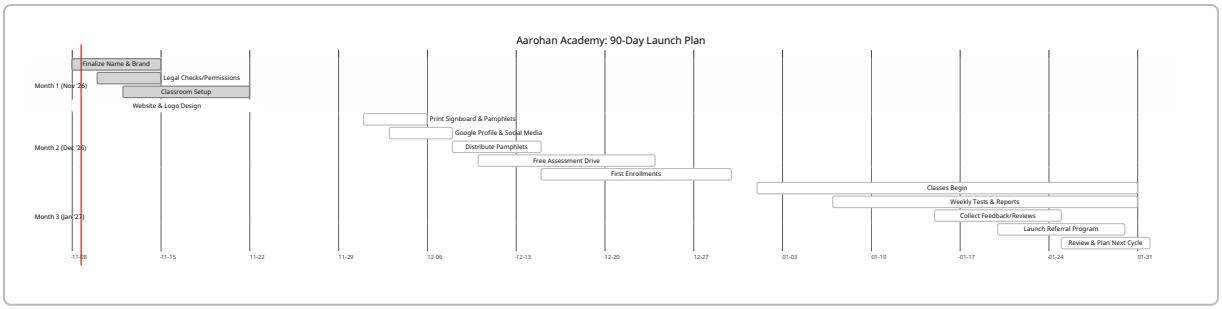

Category	Est. Cost (₹)
Desks/Chairs for ~20 stu.	10,000
Whiteboard/teach. tools	2,000
Learning materials (charts)	3,000
Signboard & branding	3,000
Website & domain (1yr)	4,000
Pamphlets (1,000 pcs)	2,000
Stationery/supplies	2,000
Contingency fund	4,000
Total	**~₹30,000**

Monthly Operating Estimates:

- **Revenue:** If we reach 20 students, average fee ~₹1,000; monthly revenue ~₹20,000. At 30 students, ~₹30,000【22†】.
- **Expenses:** Minimal – utilities (~₹800), printouts (₹500), snacks/drinking water (₹500), marketing top-up (₹500). If hiring a part-time tutor, ₹8,000/month extra (later stage).
- **Net:** ~₹15–18K/month at 20 students, rising as enrolment grows. This leaves room to pay owner(s) modestly after initial months.

We'll re-evaluate fees in 6 months based on demand, potentially offering sibling discounts or small referral bonuses (e.g. ₹300 fee credit per successful referral).

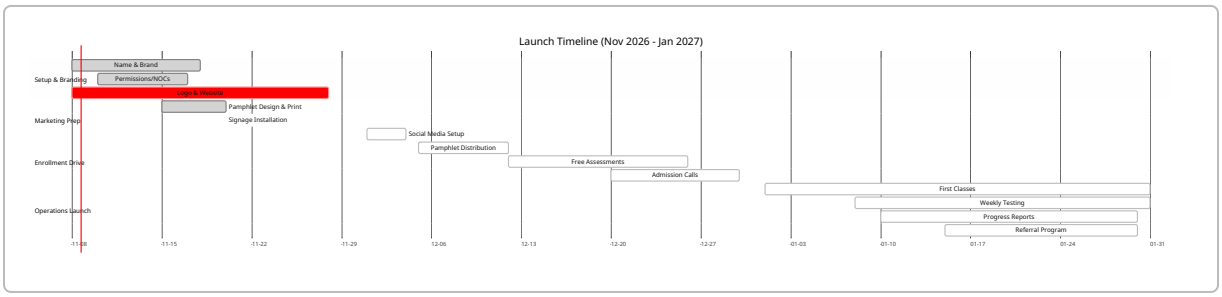

30/60/90-Day Implementation Timeline

(Dates are illustrative; actual schedule will adjust by exact start date.)

- **Weeks 1-2:** Finalize academy name and logo. Confirm permissions (MCD/DDA, coaching registration). Begin classroom renovation (painting, chairs). Draft website.
- **Weeks 3-4:** Launch website (Home, About, basic pages) and Google Business. Print banners/ pamphlets.
- **Month 2:** Distribute flyers. Launch social media (Instagram, Facebook) with initial educational posts. Start free assessment camps (with parents). Begin finalizing student batches.
- **Month 3:** Conduct classes, tests, send reports. Gather testimonials and Google reviews. Start a referral incentive (e.g. fee discount). Analyze enrolments vs targets and plan scale-up.

Gantt Timeline

Priority Feature List

- **Launch (Day 1):**
- **Essential:** Admission enquiry (WhatsApp link, phone number), basic website (Home, Admissions, Contact), Google Business with address, exterior signboard, pamphlets distribution, WhatsApp Business app with catalog and quick replies【34†L181-L189】.
- **Urgent:** Safety and facilities readiness (classroom, water, fire extinguisher).
- **Within 3 months:**
- Start biweekly WhatsApp parent updates, add 5–10 initial blog posts, collect reviews on Google, run referral discounts.
- **Later / Phase 2:**
- Add advanced tools: student management software (attendance/fee tracker), online payment, interactive e-learning (if needed). Possibly create a simple mobile app for parents (long-term).

- Expand marketing (paid Facebook ads, listing on parent forums) after organic basics yield results.

Revenue vs Enrolment (Illustrative):
Enrolled Students	**Avg. Fee (₹)**	**Gross Revenue (₹/mo)**
15	1,000	15,000
20	1,000	20,000
25	1,100	27,500
30	1,100	33,000
40	1,200	48,000

(Aarohan's target: start at ~15 and grow to ~30 in 6–9 months.)

Implementation Timeline (Gantt): (above)

Conversion Funnel Diagram (schematic):

```
Awareness (Pamphlets/Google) → Interest (Free Test Offer) → Contact (Form/
WhatsApp) → Demo Class → Admission (Forms/WhatsApp).
```

Privacy/Safety Checklist (bullets):

- Verify DDA/MCD land-use for home tuition; get any required NOCs (fire, occupancy)【32†L174-L183】.
- Register with Delhi Education Dept if needed; track GST/IT returns.
- Clearly define data handling in Privacy Policy; secure parental consent for student data (per DPDP/Section 9 rules)【30†L92-L100】.
- Child-safe environment: first aid kit, CCTV in common area, emergency contact log, authorized pick-up list.

Final Note: This plan transforms your home into *Aarohan Academy*, a trusted local education brand. By combining rigorous pedagogy with friendly branding and clear communication, Aarohan will attract Najafgarh parents seeking quality, convenient tuition.
