Strategic Blueprint, Curriculum Architecture, and Marketing Operations Framework for Aarohan Academy

Executive Summary and Strategic Recommendations

Aarohan Academy, located at H.No. 54B, Gupta Park, Todarmal Colony, Najafgarh, Delhi-110043, presents a targeted intervention within the local supplementary education market. A hyper-local market analysis of Todarmal Colony, Gupta Park, and the broader Najafgarh area reveals a high density of commercial coaching institutes focused on senior secondary education, high-stakes board examinations, and competitive engineering or medical entrance prep (Class 9 to 12, IIT-JEE, NEET). Consequently, early childhood education (Nursery, LKG, UKG) and foundational elementary learning (Classes 1 to 8) remain under-served by structured, evidence-based academic frameworks. Existing options in this micro-market predominantly comprise unorganised home tuition networks or overcrowded secondary coaching centers that adapt high-school lecture formats for younger learners.

The strategic mandate for Aarohan Academy is to establish a neighbourhood learning centre that bridges the gap between formal school instruction and deep conceptual mastery. Operating from a dedicated residential classroom with an initial capacity of 15 to 20 students, the academy utilizes a family-operated teaching model. This structure offers parental accountability, individual student focus, safety, and personal care. By aligning its supplementary academic framework with the National Curriculum Framework for Foundational Stage (NCF-FS 2022), the National Curriculum Framework for School Education (NCF-SE 2023), and the National Initiative for Proficiency in Reading with Understanding and Numeracy (NIPUN Bharat), Aarohan Academy provides systematic academic reinforcement for students enrolled in CBSE-affiliated schools.

To achieve sustainable local positioning and enrolment, the academy's strategy synthesizes three operational pillars:

> **Academic Distinction**: Implementing an evidence-led, play-based foundational curriculum (Jaadui Pitara methodology) that transitions systematically into structured, conceptual inquiry for middle-school grades.
> **Transparent Brand Positioning**: Establishing clear communication that Aarohan Academy is a supplementary learning centre providing individualised attention, explicitly clarifying its role as an academic support system rather than a recognized or CBSE-affiliated school.
> **Hyper-Local Digital and Search Discovery**: Deploying a fully accessible, mobile-first bilingual (English and Hindi) web platform engineered to capture local parent search intent across Najafgarh, Todarmal Colony, and Gupta Park.

Regulatory and Theoretical Framework Credibility Assessment

The academic framework of Aarohan Academy is grounded in official Indian educational frameworks and national policies published by the Ministry of Education, the National Council of Educational Research and Training (NCERT), and the Central Board of Secondary Education (CBSE). The curriculum design synthesizes the pedagogical shifts mandated by the National Education Policy (NEP) 2020.

Framework Mapping and Policy Alignment

The National Curriculum Framework for Foundational Stage (NCF-FS 2022) governs developmental learning for children aged 3 to 8 years (Nursery, LKG, UKG, Class 1, and Class 2). NCF-FS 2022 structures early childhood learning across five core developmental domains derived from the traditional Pancha Kosha framework: Physical Development (Annamaya Kosha), Life Energy/Vitality (Pranamaya Kosha), Emotional/Mental Development (Manomaya Kosha), Intellectual Development (Vijnanamaya Kosha), and Inner Joy/Aesthetic Expression (Anandamaya Kosha). Aarohan Academy

incorporates toy-based, game-based, and multi-sensory activities inspired by NCERT's Jaadui Pitara teaching-learning material collection.

The NIPUN Bharat Mission guides the target competencies for foundational literacy and numeracy (FLN) to be achieved by the end of Grade 3. Aarohan's primary learning pathways prioritize oral language development, phonemic decoding, guided reading comprehension, number sense, and basic additive-multiplicative thinking.

The National Curriculum Framework for School Education (NCF-SE 2023) informs the academic transitions for the Preparatory Stage (Classes 3 to 5) and Middle Stage (Classes 6 to 8). NCF-SE 2023 mandates a shift away from rote memorization toward conceptual understanding, interdisciplinary linkages, scientific inquiry, mathematical reasoning, and social-environmental consciousness.

NCERT Learning Outcomes and CBSE Grade-Wise Guidance serve as the benchmark for evaluation. Supplementary tuition at Aarohan Academy does not replace regular schooling but reinforces school learning by identifying student-specific learning gaps, rectifying conceptual misconceptions, and providing diagnostic practice aligned with standard CBSE school expectations.

Local Competitor Analysis

A comprehensive market evaluation of supplementary education providers within Najafgarh, Todarmal Colony, and Gupta Park highlights specific structural gaps in early childhood and middle-school academic support.

Competitor Name	Primary Location	Target Classes / Streams	Core Positioning & Services	Key Communication Deficiencies & Operation	Aarohan Strategic Differentiation Opportunity

				al Weaknesses	
Physics Wallah (PW) Vidyapeeth	Mata Omkar Tower, Todarmal Colony, Najafgarh	Class 11-12, Droppers (JEE / NEET)	Competitive entrance exam prep, large batch sizes, MIP test series.	Ignores foundational stages (Nursery to Class 8); high-stress competitive environment.	Provide low-stress, foundational academic support tailored for young learners in small batches.
Aryabhatt Coaching Center	Near Radha Swami Satsang Bhawan, Najafgarh	Class 9 to 12, Entrance Exams	Board examination prep, A-Level Science/ Maths, engineering coaching.	No structured early childhood pedagogy; lacks play-based literacy or FLN frameworks.	Position as early-stage conceptual specialists before high-stakes secondary board

					preparation.
Manu Academy	Near Post Office, Todarmal Colony, Najafgarh	Class 9 to 12, Higher Ed (B.Sc, BCA), Govt Exams	Established local institute (Est. 1992), secondary CBSE coaching.	Traditional lecture format; website lacks detailed pedagogical disclosures for primary classes.	Leverage NCF-2023 play-based and interactive pedagogy with digital curriculum transparency.
Sagar Coaching Centre	Jatav Mohalla, Gupta Park, Todarmal Colony	Secondary & Senior Secondary (Economics)	Micro-local tutorial center focused on specific humanities/commerce subjects.	Single-subject or high-school focus; lacks child-centric classroom design for early grades.	Serve Gupta Park families seeking comprehensive, multi-subject Class Nursery-8 tuition.

Excellent Coaching Centre	Todarmal Colony, Najafgarh	Accounts, Economics, Maths, IELTS	Senior secondary commerce and language proficiency coaching.	Adult and high-school focus; no pre-primary expertise or structured developmental tracking.	Focus on holistic cognitive development, phonics, handwriting, and mental math for early grades.
Impulse Education / Coaching	Thana Road, Opp MTNL Exchange, Najafgarh	Class 9 to 12	Secondary school subject tuition.	No structured curriculum for foundational stages (Nursery to Class 8).	Capture early-grade market demand before students reach secondary school levels.
SNS Academy	Arjun Park / Sombazar Road, Najafgarh	Class 1 to 12	Broad K-12 coaching across multiple grades.	Mixed age groups; large batch sizes;	Cap batch size at 15-20, guaranteeing

				limited structured parent communication systems.	individual attention and weekly parent updates.
DSC Home Tuition Provider	Najafgarh	Class 1 to 12	Matching network for private home tutors.	Variable tutor quality, lack of standardized curriculum, high costs, safety concerns at home.	Offer a structured, safe residential classroom environment with consistent, family-led teaching quality.

Strategic Unmet Parent Needs Identified

Guaranteed Batch Size Caps: Local coaching options frequently expand batch sizes, diluting individual attention. Aarohan Academy enforces a strict batch cap of 15–20 students.
Foundational Focus (Nursery to Class 8): Most local institutes prioritize Class 9–12 test prep. Aarohan addresses the foundational

phase where core cognitive habits, literacy, and mathematical reasoning are established.
Structured Parent Communication: Local providers rarely offer diagnostic assessments or formal progress tracking. Aarohan introduces weekly academic updates and diagnostic reports.

Three-Stage Academic Framework

To provide structured educational progression, Aarohan Academy organizes its academic delivery into three developmental stages aligned with NCF-FS 2022 and NCF-SE 2023 guidelines.

1. Foundational Stage (Nursery, LKG, UKG | Ages 3–6)

Pedagogical Philosophy: Play-based, activity-led, and toy-integrated learning utilizing Jaadui Pitara principles.
Core Domains: Gross & Fine Motor Skills, Oral Language Development, Phonemic Awareness, Pre-Writing Tracing, Early Number Sense, Expressive Arts, and Social-Emotional Growth.
Instructional Delivery: Storytelling, nursery rhymes, manipulative play, sand/water tables, pattern blocks, and guided conversation. This stage avoids written testing and passive memorization.

2. Primary / Preparatory Stage (Classes 1 to 5 | Ages 6–11)

Pedagogical Philosophy: Transition from concrete play to structured, activity-based conceptual learning aligned with NIPUN Bharat FLN goals.
Core Domains: Foundational Literacy & Numeracy, Hindi & English Reading Comprehension, Written Expression, Concrete Arithmetic, Fractions, Spatial Thinking, and Environmental Studies (EVS).
Instructional Delivery: Activity worksheets, guided reading groups, concrete mathematical manipulatives (Ganit Mala, Base-10 blocks), interactive dialogue, and real-world environmental observation projects.

3. Middle-School Stage (Classes 6 to 8 | Ages 11–14)

Pedagogical Philosophy: Inquiry-led, problem-solving, and analytical skill development aligned with NCF-SE 2023.
Core Domains: Advanced Mathematics (Algebra, Geometry, Data Handling), Integrated Science (Physics, Chemistry, Biology), Social Sciences (History, Geography, Civics), Advanced Grammar, and Composition in English & Hindi.
Instructional Delivery: Concept mapping, experimental demonstrations, structured exam preparation techniques, logical reasoning puzzles, and source-based social science analysis.

Complete Grade-Wise Curriculum Matrix (Nursery to Class 8)

The following matrix details the grade-by-grade academic progression designed for Aarohan Academy.

Grade	Target Age	Primary Subjects / Focus	Key Prerequisites	Core Learning Objectives & Topics	Common Gaps & Misconceptions	Targeted Assessment & Home Support
Nursery	3-4 Yrs	Early Language, Sensory Play, Motor Skills	Basic verbal expression, home adjustment	Fine motor control (crayon grip, tearing/pasting); phonetic	Confusion between visually similar shapes/letters; difficulty holding	Play observation, art portfolio; Home: Shared storybook

				listening; color/shape recognition; counting 1-10 through objects.	writing tools.	reading and finger-play.
LKG	4-5 Yrs	Phonics, Pre-Writing, Early Math, EVS Awareness	Nursery fine motor & vocabulary basics	Letter-sound correspondence (A-Z); uppercase/lowercase tracing; number recognition 1-50; pattern building; self & family awareness.	Reversing visual patterns; letter reversal (b/d); counting by rote without one-to-one object correspondence.	Flashcard recognition checks, manipulative sorting tests; Home: Household object counting and phonetic games.

UKG	5-6 Yrs	Early Reading, Sentence Tracing, Math Foundation	CVC sound familiarity, basic counting	Reading 3-letter CVC words; sight words; writing short sentences; addition/subtraction using objects (1-20); nature & hygiene concepts.	Mixing up short vowel sounds; difficulty with zero concept; struggle with pencil grip endurance.	Oral reading fluency check, picture-word matching; Home: Daily sight-word practice, guided writing.
Class 1	6-7 Yrs	English, Hindi, Mathematics, EVS	UKG reading & number sense (1-20)	Fluent reading of simple passages; Hindi Matra	Difficulty transitioning from oral to written answer	Weekly dictation, base-10 block assessments; Home:

				introduction; 2-digit number system, place value (Tens/Ones); addition/subtraction within 99; plant/animal habits.	s; confusing place value (e.g., writing 15 as 51).	Reading aloud 10 minutes daily, shopping math.
Class 2	7-8 Yrs	English, Hindi, Mathematics, EVS	Class 1 matras & 2-digit arithmetic	Paragraph comprehension; creative writing (5 sentences); 3-digit numbers;	Struggles with subtraction borrowing across zero; confusion in reading analog clock hands.	Comprehension worksheets, mental math quizzes; Home: Clock reading practice,

				addition /subtraction with regrouping; time & money basics; community helpers.		journal entry writing.
Class 3	8-9 Yrs	English, Hindi, Mathematics, EVS	Class 2 reading fluency & place value	Grammar foundations (Nouns, Verbs, Adjectives); Hindi Vyakaran; Multiplication tables (1-10); Intro to Division & Fraction	Treating multiplication as simple counting; misunderstanding fraction parts as independent whole numbers.	Rubric-based writing evaluation, word-problem diagnostic tests; Home: Multi-step household errand math.

				s; Maps & Local Environment.		
Class 4	9-10 Yrs	English, Hindi, Mathematics, EVS	Class 3 multiplication & grammar rules	Reading comprehension with inferential questions; Formal letter writing; 5-digit numbers; Long division; Equivalent fractions; Perimeter/Area; Water/Air systems.	Confusing perimeter (border) with area (surface); incorrect placement of remainder in division.	Concept mapping tests, situational EVS case studies; Home: Measuring household items, news summary reading.

Class 5	10-11 Yrs	English, Hindi, Mathematics, EVS	Class 4 division, area & basic grammar	Advanced composition; Hindi Anuchhed/Patra; Decimals & Fractions conversion; Large numbers (Lakhs); Geometry (Angles, Triangles); Human body systems.	Misaligning decimal points in addition/subtraction; assuming larger denominator means larger fraction value.	Mock term evaluations, practical geometry drawing rubrics; Home: Recipe conversions using decimals/fractions.

Class 6	11-12 Yrs	English, Hindi, Maths, Science, Social Science	Class 5 primary foundational mastery	Analytical comprehension; Essay writing; Integers, Ratios, Algebra basics; Physics (Motion/Light), Chemistry (Fibre/Substances), Biology (Food/Components); History & Geography basics.	Misunderstanding negative integer operations; confusing mass vs. weight; difficulties in algebraic variable concepts.	Chapter-end diagnostic papers, lab-style observation sheets; Home: Environmental logbook maintenance.

Class 7	12-13 Yrs	English, Hindi, Maths, Science, Social Science	Class 6 algebra & basic science concepts	Formal reporting; Linear equations, Triangles & properties, Percentages; Heat, Acids/Bases, Respiration; Medieval History, Weather/Climate, Civics (State Govt).	Misapplying sign rules in multi-step equations; treating percentage as fixed quantity rather than ratio.	Structured short-answer assessments, map-pointing tests; Home: Budget percentage calculations.

Class 8	13-14 Yrs	English, Hindi, Maths, Science, Social Science	Class 7 linear equations & science theory	CBSE Exam Readiness; Rational Numbers, Linear Equations in 1 Variable, Quadrilaterals, Data (Histograms); Force, Pressure, Sound, Chemical Effects; Modern History, Resources, Constitution.	Misinterpreting word problems into algebraic statements; confusing force and pressure definitions.	Exam-simulated tests, answer-writing structure reviews; Home: Structured study timetabling support.

Subject-Wise Learning Objectives and Teaching Activities

1. Languages (English and Hindi)

Learning Objectives: Build phonemic awareness, vocabulary expansion, structural grammar mastery, reading fluency, and analytical expression.

Classroom Activities:

Phonics & Rhyme Circle (Pre-Primary): Interactive sound matching using flashcards and tactile letter cards.

Guided Shared Reading (Primary): Reciprocal reading where students read aloud short passages, predict outcomes, and summarize key plots.

Bilingual Vocabulary Builder (Classes 3-8): Daily "Word of the Day" (आज का शब्द) exploring synonyms, antonyms, and sentence application in both English and Hindi.

Sample Original Worksheet Concept: Grammar Detective: Students receive a short story containing intentional grammatical errors (tense mismatches, punctuation drops). They mark and correct errors, providing structural justifications.

2. Mathematics

Learning Objectives: Transition from concrete manipulation to pictorial representation and abstract numerical reasoning.

Classroom Activities:

Concrete Manipulative Lab (Nursery-Class 2): Utilizing beads, counting rods, and Ganit Mala to visualize place value and number combinations.

Real-World Shopping Lab (Classes 3-5): Simulated classroom market where students calculate costs, execute addition/subtraction, and calculate change.

Geometric Proofs & Algebraic Balance (Classes 6-8): Physical pan-balance demonstrations to model algebraic equations ($ax+b=c$) visually.

Sample Original Worksheet Concept: Fraction Pizza Challenge: Visual activity sheets where students shade fractional slices of geometric shapes, compare unequal denominators, and solve contextual distribution problems.

3. Environmental Studies (EVS) and Integrated Science

Learning Objectives: Promote observational inquiry, scientific reasoning, hypothesis testing, and environmental awareness.
Classroom Activities:

Nature Explorer Log (Classes 1-5): Students record daily weather patterns, leaf structures, and shadow variations in an observation notebook.

Hands-On Experiment Station (Classes 6-8): Simple classroom experiments using safe materials (e.g., testing acidity/alkalinity using turmeric indicators, demonstrating atmospheric pressure using glass and index cards).

Sample Original Worksheet Concept: Circuit & Flow Diagram Analyzer: Students identify broken paths in schematic electrical diagrams and trace energy transformations in biological food webs.

4. Social Sciences (Classes 6–8)

Learning Objectives: Develop spatial literacy, historical causality understanding, civic responsibility, and source analysis.
Classroom Activities:

Map Mastery Workshop: Interactive physical and political map tracing focusing on Indian topography, rivers, historical empires, and resource distribution.

Civic Parliamentary Simulation: Role-playing local governance meetings to understand democratic decision-making and civic rights.

Sample Original Worksheet Concept: Primary Source Investigator: Students read short excerpts from historical records or ancient travelogues and answer analytical questions regarding perspective and historical context.

Recommended Academic Enrichment Programmes

1. Aarohan Reading Improvement Programme (Vachan Praveen)

Objective: Ensure every student attains age-appropriate reading speed, vocal clarity, and comprehension depth.

Structure: Graded reading passages (Levels 1 to 5). Pre-primary focuses on phonics and sight words; primary focuses on fluency and inference; middle school focuses on critical evaluation.

2. Mental Mathematics & Computational Thinking (Ganit Gati)

Objective: Build mental numerical speed, spatial pattern recognition, and logical problem-solving abilities without reliance on calculators.
Structure: Daily 10-minute sprint exercises covering pattern recognition, rapid arithmetic facts, estimation strategies, and visual puzzle solving.

3. Handwriting & Fine Motor Mastery (Akshar Sundar)

Objective: Correct pencil grip, line spatial awareness, letter formation, and handwriting speed in both Devanagari and Latin scripts.
Structure: Postural alignment guidance, motor control warm-ups, print-to-cursive transitions, and line-spacing precision exercises.

4. The 'Aarohan Growth Journey' Progression Model

The Aarohan Growth Journey structures student progress across four sequential phases:

Discovery Stage (Nursery to UKG): Focuses on sensory play, gross and fine motor skills, phonetic literacy, and early number sense.
Building Stage (Classes 1 to 3): Focuses on Foundational Literacy and Numeracy (FLN) mastery, reading fluency, and concrete arithmetic.
Strengthening Stage (Classes 4 to 5): Focuses on abstract mathematical concepts, structured composition, scientific observation, and EVS projects.
Mastery & Preparation Stage (Classes 6 to 8): Focuses on academic rigor, analytical reasoning, scientific inquiry, map skills, and school examination readiness.

Three Homepage Hero Concepts

Concept 1: Personalised Care & Trust (Recommended)

Main Headline: Small Batches. Big Academic Progress.
Supporting Subheadline: Evidence-based supplementary tuition for Nursery to Class 8 in Gupta Park, Todarmal Colony, Najafgarh.
Short Description: Give your child the personal attention they need to master core concepts, build confident study habits, and excel in school examinations.
Primary CTA: Book a Personal Academic Consultation
Secondary CTA: Explore Our Class Curriculum
Visual Concept: Real photo of a bright classroom with an educator working closely with 3–4 focused students at a wooden table.
Trust Indicators: Maximum 15–20 Students per Batch | CBSE & NCF Aligned Curriculum | Located at H.No. 54B, Gupta Park.
Mobile Layout: Vertical stack: Headline

→ Trust Badges

→ Primary CTA

→ Classroom Photo

→ Secondary CTA.

Colour & Typography: Deep Navy Blue background (`#1A365D`), Warm Amber CTA (`#D69E2E`), White crisp text, Inter typography.

Concept 2: Conceptual Mastery & Academic Excellence

Main Headline: Strong Foundations Today. Academic Success Tomorrow.
Supporting Subheadline: Conceptual tuition for CBSE school students (Nursery to Class 8) at Gupta Park, Najafgarh.
Short Description: We bridge learning gaps in Mathematics, Science, English, and Hindi through structured, activity-led teaching and individual tracking.
Primary CTA: Download Class Syllabus Guide
Secondary CTA: Schedule Diagnostic Assessment

Visual Concept: Split visual showing a young student engaging with visual math blocks on the left and a middle-school student solving a science problem on the right.
Trust Indicators: NCF-2023 Aligned Methodology | Weekly Progress Updates | Dedicated Neighbourhood Centre.
Mobile Layout: Headline

→ Subheadline

→ Image Carousel

→ CTA Buttons stacked full-width.
Colour & Typography: Forest Green (`#22543D`), Soft Yellow CTA (`#ECC94B`), Poppins typography.

Concept 3: Bright Future & Child-Centred Growth

Main Headline: Learn with Clarity. Grow with Confidence. Shine in School.
Supporting Subheadline: Friendly, modern, and structured tuition at H.No. 54B, Todarmal Colony, Najafgarh.
Short Description: From early phonics and number play to advanced middle-school problem solving, we help every child discover the joy of active learning.
Primary CTA: Reserve a Free Class Experience
Secondary CTA: View Learning Library
Visual Concept: Warm photo of a small group of children holding up completed activity sheets with smiling educators.
Trust Indicators: Family-Operated & Safe | Genuinely Small Batches | Bilingual English & Hindi Support.
Mobile Layout: Centered text block with floating trust icons below the main CTA.
Colour & Typography: Royal Blue (`#2B6CB0`), Vibrant Coral CTA (`#ED8936`), Rounded Sans-Serif font.

SEO Title: Aarohan Academy | Premier Tuition Centre in Gupta Park, Najafgarh (Nursery to Class 8)

Meta Description: Aarohan Academy offers evidence-based, small-batch tuition for Nursery to Class 8 in Gupta Park, Todarmal Colony, Najafgarh. CBSE aligned. Personalised attention guaranteed.

Hero Section:

Headline: Small Batches. Big Academic Progress.

Subheadline: Personalised, concept-focused tuition for Nursery to Class 8 in Gupta Park, Todarmal Colony, Najafgarh.

Introductory Text: At Aarohan Academy, we believe every child can excel when given the right guidance, clear explanations, and personal attention. We operate genuinely small batches of 15–20 students at our dedicated neighbourhood learning space at H.No. 54B, Gupta Park. Our teaching bridges school curriculum requirements with deep foundational understanding, building academic confidence in a safe, child-friendly environment.

Section 1: Why Parents Choose Aarohan Academy:

Small Batch Commitment: We strictly limit our classes to 15–20 students. No crowded halls; every child sits in the front row.

Evidence-Based Curriculum: Our methodology aligns with NCF-FS 2022 and NCF-SE 2023 frameworks, ensuring age-appropriate learning from pre-primary play to middle-school analysis.

Personalised Progress Tracking: Weekly diagnostic checks and transparent parent reporting ensure you always know your child's exact growth trajectory.

Experienced Family Educators: Taught directly by dedicated family educators who treat your child's academic journey with personal care and responsibility.

Section 2: Our Learning Stages:

Foundational Stage (Nursery, LKG, UKG): Phonics, early number sense, sensory play, and fine motor skills.

Primary Stage (Classes 1 to 5): Reading comprehension, fluent writing, concrete mathematics, and environmental awareness.

Middle Stage (Classes 6 to 8): Advanced mathematics, integrated science, social studies, and structured examination preparation.

Call to Action: Visit Our Classroom at H.No. 54B, Gupta Park or Call Us to Reserve a Seat in Our Small Batches.

SEO Title: About Aarohan Academy | Neighborhood Tuition Centre in Najafgarh
Meta Description: Learn about Aarohan Academy's family-led teaching team, neighbourhood roots in Todarmal Colony, Najafgarh, and commitment to small-batch academic excellence.
Hero Headline: Nurturing Academic Excellence in Our Neighbourhood
Introductory Text: Founded with a commitment to quality local education, Aarohan Academy is a neighbourhood supplementary learning centre situated at H.No. 54B, Gupta Park, Todarmal Colony,

Najafgarh. We established Aarohan to address a common challenge faced by parents: finding reliable, small-batch tuition where young children receive individual attention rather than getting lost in large commercial coaching classes.

Section 1: Our Core Principles:

Academic Integrity: We focus on conceptual mastery, rejecting short-term rote memorization tricks.

Child-Centred Environment: Our dedicated residential classroom is bright, safe, hygienic, and equipped with modern learning tools.

Parent Partnership: We view parents as active partners in education, maintaining open communication regarding homework, attendance, and conceptual growth.

Section 2: Serving Najafgarh Families: Located centrally near Gupta Park and Todarmal Colony, our centre offers a safe, accessible walking-distance learning environment for nearby residential colonies.

SEO Title: हमारे बारे में | आरोहन अकादमी नजफगढ़

Meta Description: जानिए आरोहन अकादमी की कहानी, हमारी शिक्षण प्रणाली और गुप्ता पार्क, टोडरमल कॉलोनी, नजफगढ़ में छोटे बैच की गुणवत्तापूर्ण शिक्षा के प्रति हमारी प्रतिबद्धता।

Hero Headline: हमारे पड़ोस में शैक्षणिक उत्कृष्टता का निर्माण

Introductory Text: आरोहन अकादमी की शुरुआत आपके अपने पड़ोस, मकान नंबर 54B, गुप्ता पार्क, टोडरमल कॉलोनी, नजफगढ़ में हुई। हमारा उद्देश्य माता-पिता को एक ऐसा सुरक्षित और विश्वसनीय स्थान देना है जहां बच्चों को भीड़भाड़ से दूर, व्यक्तिगत ध्यान और सही मार्गदर्शन मिल सके।

Section 1: हमारे मुख्य सिद्धांत:

अवधारणा की स्पष्टता: हम रटने के बजाय विषय की गहरी समझ पर जोर देते हैं।

सुरक्षित वातावरण: हमारी कक्षाएं स्वच्छ, सुरक्षित और आधुनिक शिक्षण सामग्रियों से सुसज्जित हैं।

माता-पिता से निरंतर संवाद: हम बच्चे की हर छोटी-बड़ी प्रगति की जानकारी माता-पिता के साथ नियमित रूप से साझा करते हैं।

3. Teaching Philosophy Page

(`/about-us/teaching-philosophy`**)**

English Copy

SEO Title: Our Teaching Methodology | Conceptual Learning at Aarohan Academy
Meta Description: Explore how Aarohan Academy combines play-based early learning with structured middle-school inquiry aligned with CBSE and NCERT standards.
Hero Headline: How We Teach: From Playful Discovery to Analytical Mastery
Section Copy:

1. The Concrete-Pictorial-Abstract (CPA) Approach: In Mathematics and Science, we never introduce abstract formulas directly. Young children work first with physical manipulatives (concrete), then transition to visual diagrams (pictorial), and finally master symbolic operations (abstract).
2. Multi-Sensory Phonics and Language: Language learning integrates auditory listening, visual flashcard recognition, tactile writing tracing, and oral storytelling.
3. Diagnostic Error Analysis: When a student makes a mistake, we do not simply penalize it. We analyze the root misconception—whether it is a reading gap, calculation slip, or conceptual misunderstanding—and deliver targeted reinforcement.

संपर्क सूत्र:

पता: मकान नंबर 54B, गुप्ता पार्क, टोडरमल कॉलोनी, नजफगढ़, दिल्ली-110043.

Detailed Class and Subject Page Content

Exemplar Page 1: Foundational Stage (Nursery, LKG, UKG)

(`/programmes/foundational-nursery-lkg-ukg`**)**

Target Audience: Parents of children aged 3 to 6 years in Najafgarh seeking structured early childhood supplementary guidance.

Academic Curriculum Highlights:

Phonics & Pre-Reading: Systematic sound introduction using Jolly Phonics actions, sound-blending for CVC words (cat, pen, dog), and sight-word recognition.

Early Numeracy: Counting objects up to 50, number identification, pattern completion, and spatial awareness using physical manipulatives.

Fine Motor Exercises: Finger-pincer building using playdough, clay modeling, bead stringing, and structured stroke pre-writing.

Parent-Focused Benefits: Ensures smooth transition into Class 1 CBSE school curriculum without homework anxiety or reading struggles.

Exemplar Page 2: Middle School Stage (Classes 6 to 8)

(`/programmes/middle-school-class-6-to-8`**)**

Target Audience: Parents of Class 6, 7, and 8 CBSE-school-going children needing academic support in Science, Mathematics, English, Hindi, and Social Science.

Academic Curriculum Highlights:

Mathematics: Algebraic expressions, linear equations, geometry proofs, ratio-proportion, and data interpretation.

Science: Conceptual breakdowns across Physics (Light, Motion, Electricity), Chemistry (Substances, Reactions, Fiber), and Biology (Cell Structure, Microorganisms, Plant Nutrition).

Social Science: Map skills, understanding historical timelines, geography systems, and constitutional civics.

Examination Preparation: Regular practice with CBSE pattern questions, structured short/long answer writing, and time-management strategies for school term exams.

Exemplar Page 3: Subject Page - Mathematics (`/programmes/mathematics`)

Target Audience: Students across Classes 1 to 8 requiring conceptual mathematical support.

Core Methodology:

Diagnose Misconceptions: Identifying root causes behind math anxiety (e.g., place value confusion, fraction misunderstanding).
Visual & Concrete Learning: Using visual models and step-by-step problem-solving boards.
Word Problem Decoding: Training students to translate English/Hindi word problems into mathematical equations systematically.

Learning Library Plan (30 Original Resource Concepts)

Aarohan Academy will offer a digital repository of downloadable learning worksheets.

#	Resource Title	Target Stage / Grade	Subject	Learning Objective	Worksheet Activity Description	Format
1	Phonics Sound Match: Short Vowels	Nursery / LKG	English	Match letter sounds	Draw lines connecting 'a', 'e', 'i',	Printable PDF

				to pictures	'o', 'u' to corresponding picture icons.	
2	Trace & Colour Line Master	Nursery	Fine Motor	Develop pre-writing pencil control	Trace standing, sleeping, and slanting dotted lines with crayons.	Printable PDF
3	Number Counting Safari (1-10)	Nursery / LKG	Math	One-to-one object counting	Count animals in safari scenes and write/trace the correct digit.	Printable PDF
4	CVC Word Blending Cards	UKG	English	Read 3-letter	Cut-out flashcards for blendin	Printable Flashcards

				CVC words	g sounds like b-a-t, p-i-n, h-u-t.	
5	Shape & Pattern Finder	LKG / UKG	Math	Identify geometric patterns	Identify next shape in repeating visual sequences (Circle-Square-Circle).	Printable PDF

Design System, Website Layout, and Visual Recommendations

Colour Palette & Design Tokens

Primary Brand Blue: `#1E3A8A` (Deep Trust Blue – header, main buttons, primary headings)
Secondary Brand Yellow: `#F59E0B` (Warm Sunshine Amber – highlights, secondary badges, CTAs)
Supporting Accent Orange: `#EA580C` (Energy Orange – challenge banners, interactive elements)
Supporting Accent Green: `#10B981` (Growth Emerald – progress badges, positive indicators)
Background Neutral: `#F8FAFC` (Off-white canvas – clean readability)
Text Primary: `#0F172A` (Slate Dark – high-contrast readable body text)

Typography

English Primary Font: Inter or Poppins (Clean, readable sans-serif; 16px body base, 1.5 line height).
Hindi Primary Font: Noto Sans Devanagari (Optimized for digital screen clarity in Devanagari script).

Visual Layout & Accessibility Standards

WCAG 2.2 Level AA Compliance: All text elements maintain a contrast ratio of at least 4.5:1 against background colors.
Touch Target Sizing: All interactive buttons on mobile displays have a minimum touch footprint of
48×48 px.
No Stock Imagery Misrepresentation: Avoid using visuals depicting large university campuses or generic foreign classrooms. All visual elements must depict realistic, warm, small-batch learning environments.

Google Business Profile (GBP) Optimisation Plan

Primary Business Category: Educational Consultant or Tutoring Service.
Secondary Categories: Learning Centre, Education Centre.
Exact Name Alignment: `Aarohan Academy - Tuition Classes for Nursery to Class 8`.
Address Verification: Precise pin marker at H.No. 54B, Gupta Park, Todarmal Colony, Najafgarh.
Weekly GBP Updates: Post weekly updates showcasing sample learning worksheets, brain challenges, and pedagogical insights.

Parent Enquiry and Admission Conversion System

Admission Funnel Steps

Discovery Stage: Parent discovers Aarohan Academy via Google Search, Google Business Profile, or local word-of-mouth referral.
Engagement Stage: Parent explores the bilingual website, reviewing small-batch policies, safety protocols, and curriculum frameworks.
Enquiry Stage: Parent submits a low-friction enquiry form or clicks the direct WhatsApp communication button.

Interaction & Diagnostic Stage: Parent and child visit H.No. 54B, Gupta Park for an academic consultation and informal skills assessment.
Enrolment Stage: Child is assigned to a small batch (15–20 limit), schedule is confirmed, and fee deposit is completed.

Low-Friction Online Admission Enquiry Form Schema

Child's Name (Text)
Current Class / Grade (Dropdown: Nursery to Class 8)
School Name (Text)
Parent's Name (Text)
Mobile / WhatsApp Number (Phone)
Preferred Contact Time (Dropdown: Morning / Afternoon / Evening)

Automated WhatsApp Reply Template (Bilingual)

```
Namaste! Thank you for contacting Aarohan Academy
(H.No. 54B, Gupta Park, Todarmal Colony, Najafgarh).

We offer concept-focused, small-batch tuition (15-20
students max) for Nursery to Class 8.

Our team will contact you within 2 hours to schedule a
free academic consultation and diagnostic session for
your child.

नमस्ते! आरोहन अकादमी से संपर्क करने के लिए धन्यवाद। हम नर्सरी से
कक्षा 8 तक केवल 15-20 बच्चों के छोटे बैच में पढ़ाते हैं। हम जल्द ही
आपसे संपर्क करेंगे।
```

Child Privacy, Accessibility, and Safety Checklist

Compliance with the Digital Personal Data Protection (DPDP) Act

Parental Consent for Minors: Under the DPDP framework, data collected regarding children under 18 years of age requires verifiable parental or lawful guardian consent.

Data Minimization: Admission and enquiry forms must collect only necessary information (name, class, parent contact). Avoid collecting Aadhaar numbers, detailed health records, or unnecessary personal data.
Student Photograph Permissions: No child's photograph, video recording, or named academic work will be published on the website, Google Business Profile, or social media without written parental consent.
Right to Data Erasure: Parents maintain the explicit right to request erasure of their contact details and student records upon withdrawal from the academy.

Physical Classroom Safety Audit

Ground-floor or easily accessible, well-lit residential classroom at H.No. 54B, Gupta Park.
Fire safety extinguisher installed and tested.
First-aid kit fully stocked and accessible to educators.
Clean drinking water and hygienic dedicated washroom facilities.
Authorized pickup policy: Children in Nursery to Class 3 released only to designated parents/guardians.

Phased Implementation Roadmap

30-Day Implementation Plan (Launch Phase)

Finalize physical classroom layout and educational manipulatives at H.No. 54B, Gupta Park.
Publish core 5-page bilingual website (Home, About, Programmes, Admissions, Contact).
Set up and verify Google Business Profile with location data.
Print initial offline diagnostic assessment papers and foundational worksheets.

60-Day Implementation Plan (Growth Phase)

Publish individual Class Pages (Nursery through Class 8).
Upload the first 15 downloadable worksheets to the Aarohan Learning Library.

Launch the "Weekly Brain Challenge" interactive section on the website.
Initiate local community outreach in Todarmal Colony and Gupta Park.

90-Day Implementation Plan (Optimization Phase)

Complete publication of all 30 Learning Library resources.
Publish 6 parent-focused blog articles to drive organic search traffic.
Review admissions funnel performance, conversion rates, and website load speeds.
Gather initial parent feedback for continuous curriculum refinement.

Prioritised Feature Allocation Matrix

Feature / Capability	Implementation Priority	Technical / Content Effort	Value to Parent Trust & SEO
Bilingual Core Web Pages	Must-Have (Launch)	Moderate Effort	High (Essential for local market adoption)
Google Business Profile Setup	Must-Have (Launch)	Low Effort	Critical (Primary driver of local map discovery)
Classroom Physical Safety Protocols	Must-Have (Launch)	Low Effort	High (Key conversion factor for parents)

Small Batch Limit Disclosures (15-20)	Must-Have (Launch)	Low Effort	High (Primary competitive differentiator)
Aarohan Learning Library (First 15)	Second-Phase	Moderate Effort	High (Drives engagement and organic traffic)
Weekly Brain Challenges	Second-Phase	Ongoing Weekly Effort	Moderate (Builds repeat website visits)
Parent Blog Articles (20 Topics)	Second-Phase	High Ongoing Effort	High (Long-term SEO equity growth)
Interactive Parent Dashboard	Future Enhancement	High Technical Effort	Low for initial small-batch operational scale
Online Fee Payment Gateway	Future Enhancement	Moderate Effort	Moderate (Can be handled via UPI/offline initially)

This operational and strategic report establishes the foundation for launching Aarohan Academy. By maintaining strict adherence to small batch sizes, evidence-based national curriculum frameworks, and hyper-local transparency, Aarohan Academy is positioned to become a recognised supplementary educational institution in Gupta Park, Todarmal Colony, Najafgarh.
